

שַׁאֲרֵי תוֹרָה

Shaarei Torah Primary School

י"ד שבט תשע"ה

To Whom It May Concern,

I am happy to vouch, first-hand, for the absolutely incredible Seforim library, at The Kollel Yad Shaul, here in Johannesburg.

It is thorough and comprehensive, contemporary, yet authentic, and a most critical resource in a community like ours. It is, beyond any doubt, the largest Seforim library on the continent, and it continues to grow all the time.

I personally have benefitted from it tremendously, both in my own learning, and in preparing for the myriad teaching forums I've been involved in. I can attest to the similar benefits for the many Rabbonim and avreichim, who I see, time and time again, "popping in to the kollel" to have a quick look-up in one of the seforim.

At the Kollel, no Talmid Chacham, baalebos, or even young child, is ever at a loss for something to learn during seder, between mincha and maariv, or even bein gavra le'gavra.

The most remarkable thing, is that I do not exaggerate in my words! One would need to see the scope and range of the library to appreciate it. I can attest to its immense usefulness, and see it as a cornerstone of Torah, not just for the Kollel, but for the entire community.

Sincerely,

Rabbi Shlomo Kolko,

Principal
